## 1.  REISSUANCE AND PURPOSE

This Instruction reissues reference (a) to update policy, responsibilities, procedures, and information requirements for reporting of active duty military personnel records.

## 2.  APPLICABILITY AND SCOPE

This Instruction applies to:

2.1.  The Office of the Secretary of Defense (OSD), the Defense Human Resources Activity (DHRA), the Military Departments, and the Chairman of the Joint Chiefs of Staff.   The term "Military Services," as used herein, refers to the Army, the Navy, the Air Force, and the Marine Corps.

2.2.  The Coast Guard, when operating as a Military Service in the Navy or by agreement with the Department of Transportation (DoT), and the Commissioned Corps of the Public Health Service and the National Oceanic and Atmospheric Administration, by agreement with the Departments of Health and Human Services and

Commerce, for submission of active duty Uniformed Service personnel records in support of the Defense Manpower Data Center (DMDC) Person Data Repository and eligibility reporting for the Defense Enrollment Eligibility Reporting System (DEERS) and Montgomery GI Bill - Active Duty (MGIB-AD) (Chapter 30 of reference (b)).

2.3.  All active duty personnel counted and reported as part of official Active component strength as defined in DoD Instruction 1120.11 (reference (c)).

2.4.  All personnel excluded from military strength:   prisoners of war, missing personnel, deserters, prisoners in civil or military confinement for 6 months or more, and personnel on appellate leave (with or without pay).

2.5.  When reporting is required by ENCLOSURE 5:

2.5.1.  All Active Guard or Reserve personnel counted and reported as part of official Reserve component strength who are participating in a specified operation.

2.5.2.  All Regular and Reserve retired personnel, whose retirement is based on length of active duty service, who have been ordered to active duty in support of a specified operation.

2.5.3.  All Reserve component personnel who have been ordered to active duty in support of a specified operation.

3.  POLICY

3.1.  It is DoD policy to maintain a centralized database of uniformed personnel. That database provides information for research, actuarial analysis, interagency reporting, and evaluation of DoD programs and policies.   In addition extracts of the database are used in creating the Defense Manpower Data Center (DMDC) Person Repository, which provides eligibility reporting for DEERS, MGIB-AD (Chapter 30 of reference (b)), and the Centralized System for Prior Service Enlistment Eligibility Information.

3.2.  The requirements and procedures prescribed by DoD 5400.11-R (reference (d)) must be followed to safeguard the personnel data in that reporting system. Individuals having access to identifiable personnel information may be held personally responsible and punishable for making unauthorized disclosures.   The database is subject to computer matching programs, as regulated by the Privacy Act.   Computer matching is done with other Federal and non-Federal agencies for such purposes as to

verify eligibility for benefit programs, determine continued compliance with benefit program requirements, and effect adjustments to or recover improper payments made to or delinquent debts owed by current and former military members.

4.  RESPONSIBILITIES

    4.1.  The Under Secretary of Defense (Personnel and Readiness) (USD(P&R)), consistent with DoD Directive 5124.2 (reference (e)), shall:

        4.1.1.  Provide overall policy guidance for DoD reporting of active duty military personnel.

        4.1.2.  Ensure that the Director, DHRA, serves as custodian of automated extracts of military personnel records and provides data quality control analysis and reporting, inquiry capabilities, and administrative and computer support.

        4.1.3.  Determine the start date for additional reporting requirements as described in ENCLOSURE 5.

    4.2.  The Secretaries of the Military Departments shall ensure that the Military Services implement this Instruction.

5.  PROCEDURES

    5.1.  At the option of the Military Service and with concurrence of the DMDC, reporting may be accomplished through electronic data transfer or by magnetic tape cartridge submission.   All reports shall be submitted following the procedures specified in ENCLOSURE 3.

    5.2.  All Master Files and regular Transaction Files shall be formatted as described in ENCLOSURE 4.   The UIC Address File shall continue to be reported in the current Service-specific format.   The additional Specified Operation Transaction File shall be formatted as described in the ATTACHMENT TO ENCLOSURE 5.

    5.3.  Data standards, developed in support of DoD data administration policies as

established by DoD Directive 8320.1 (reference (f)), approved following the procedures prescribed by DoD 8320.1-M-1 (reference (g)), and maintained by the Defense Information Systems Agency in the DoD Data Dictionary System (DDDS), shall be used where specified. (Note that in a few instances reference is made to data standards developed under the previous DoD data standardization program and documented in DoD 5000.12-M, "DoD Manual for Standard Data Elements," October 1986, which was canceled in 1988.) The Military Service failing to comply either with data standards registered in the DDDS or with the coding instructions, herein, shall be responsible for data interchange conversion costs.

5.4. Regular reporting requirements are as follows:

5.4.1. At the end of each month each Military Service shall prepare separate Enlisted and Officer Master Files or, optionally, a Combined Master File, and a UIC Address File. The master files shall reflect the status of the members listed in subsections 2.3. and 2.4, above, as of the last day of the month.

## EDUCATIONAL DESIGNATOR CODE

| | | |
|---|---|---|
| 1 | Less than high school diploma | Status of an individual who is not currently attending high school and who is neither a high school graduate nor an alternate high school credential holder. |
| M | Credential near completion | Status of an individual who is currently pursuing completion of a high school diploma, test based equivalency diploma, occupational program certificate, correspondence school diploma, home study diploma, adult education diploma, or high school certificate of attendance. |
| E | Test-based equivalency diploma | A diploma or certificate of GED or other test-based high school equivalency diploma, excluding a GED certificate awarded at the completion of the National Guard Challenge Program.  This includes Statewide testing programs such as the CHSPE, whereby examinees may earn a certificate of competency or proficiency. A State or locally-issued secondary school diploma obtained solely on the basis of such equivalency testing is not to be considered a high school diploma.  This is considered an alternate high school credential. |
| C | Occupational program certificate | A certificate or diploma awarded for attending a non-correspondence vocational, technical, or proprietary school for at least 6 months.  An individual so coded must also have completed 11 years of regular day school.  This is considered an alternate high school credential. |
| 7 | Correspondence school diploma | A secondary school diploma or certificate awarded upon completion of correspondence school course work, regardless of whether the diploma was issued by a correspondence school, a State, or a secondary or post-secondary educational institution.  This is considered an alternate high school credential. |
| J | High school certificate of attendance | An attendance-based high school certificate or diploma.  These are sometimes called certificates of competency or completion but are based on course completion rather than a test such as the GED or CHSPE.  A State or locally-issued secondary school diploma obtained solely on the basis of an attendance credential is not considered a high school diploma.  This is considered an alternate high school credential. |
| H | Home study diploma | A secondary school diploma or certificate, typically awarded by a State, based on certification by a parent or guardian that an individual completed his or her secondary education at home.  This is considered an alternate high school credential. |

| | | |
|---|---|---|
| B | Adult education diploma | A secondary school diploma awarded on the basis of attending and completing an adult education or "external" diploma program, regardless of whether the diploma was issued by a State or by a secondary or post-secondary educational institution. |
| X | ARNG Challenge Program GED certificate | |
| L | High school diploma | A diploma issued to an individual who has attended and completed a 12-year or grade day program of classroom instruction; the diploma must be issued from the school where the individual completed all the program requirements. |
| 8 | Completed one semester of college | The status of an individual who is a non-high school graduate or alternate high school credential holder, attended a college or university, and completed at least 15 semester or 22 quarter hours of college-level credit.   Credit earned through testing, for pursuit of adult education, or for high school equivalency preparation is not applicable.   For military enlistment processing purposes, an individual with that status is considered a high school graduate. |
| D | Associate degree | A certificate conferred upon completion of a 2-year program at a junior college, university, or technical institute. |
| G | Professional nursing diploma | A certificate conferred upon completion of a 3-year hospital school of nursing program. |
| K | Baccalaureate degree | A certificate conferred upon completion of a 4-year college program, other than a first professional degree. |
| N | Master's degree | A certificate conferred upon completion of additional academic requirements beyond the baccalaureate or first professional degree but below the doctorate level. |
| R | Post-master's degree | A certificate conferred upon completion of additional academic requirements beyond the master's degree level but below the doctorate level. |
| W | First professional degree | A certificate conferred upon completion of the academic requirement for the first degrees awarded in selected professions:   Architecture, Certified Public Accountant, Chiropody or Podiatry (DSC or PodD), Dentistry (DDS or DMD), Medicine (MD), Optometry (OD), Osteopathy (DO), Pharmacy, Veterinary Medicine (DVM), Law (LLB or JD), and Theology (BD, Rabbi, or other first professional degree). |

| V | Post-doctorate degree | A certificate conferred in recognition of the highest academic achievement within an academic field, excluding honorary degrees and first professional degrees. |
